InsuResilience Solutions Fund
Call for Proposals

Are you planning to develop, improve or upscale a climate risk insurance project and look for financial support?

The InsuResilience Solutions Fund (ISF) may be the funding source you are looking for!

Before submitting a Concept Note, please check if your partnership is eligible to potentially receive co-funding from the ISF for your project:

☑ You apply as a **PARTNERSHIP** with:
> ➢ At least two partners willing and legally entitled to sign the potential Grant Agreement,
> ➢ at least one partner located and legally registered in the country of implementation and legally entitled to sign contracts,
> ➢ at least one partner representing the demand and needs of poor and vulnerable people (beneficiaries), and
> ➢ at least one partner acting as a risk taker.

☑ You want to develop, improve and/or scale up an **INSURANCE PRODUCT** in order to increase the resilience of poor and vulnerable people to **climate change**.

☑ Your insurance product covers at least one of the following perils: **flood, wind/storm, excess rain, drought/heat waves, cold spells** (possibly in combination with other non-climatic perils).

☑ Your insurance product benefits **POOR AND VULNERABLE HOUSEHOLDS** with less than USD 15 PPP/day (either directly or indirectly).

☑ Your product/project will be implemented in a country eligible to receive official development assistance (**ODA**), and is neither an official candidate for accession to the EU nor beneficiary of the European Neighbourhood Instrument East.

☑ Your funding request does not exceed **EUR 2.5m**

☑ Your partnership contributes an **OWN CONTRIBUTION** at least matching the requested funding volume (either in-kind and/or financially)

☑ Your ISF project timeline will not exceed **24 months**

☑ Your product will achieve a **self-sustained status** within 24 months.

Do you fulfil the above stated requirements? Please download the mandatory **Concept Note template** and submit your application to info@insuresilience-solutions-fund.org.

For further information, visit the ISF's **website** and **FAQs**.
